

Academic Year 2018-19
Report
Of
“Make Your Own” Eco-Friendly Clay Ganapati

Date : Thursday, 6th September, 2018
Venue : Institute Premises (Parking Area)
Supported By : Dr. Rupali Kudare, Prof. Dada Patil

IOS has conducted a One Day Workshop on “**Make Your Own Eco-Friendly Clay Ganapati** “ which comes under Student Development Cell activity on Thursday, 6th Sept , 2018 in the Institute Premises (Parking Area) With support of all the members of IOS.

The coordinator of the workshop - Prof. Ashok Kumbhar has organized the workshop in association with Environment Conservation Association team with the help of Institute of Science.

Introductory speech was given by Prof. Ashok B. Kumbhar (Student Development Officer). There were total 60 students and ten faculty participated in the workshop. The main purpose behind organizing this workshop was creating awareness among the students regarding celebrating Ganesh Festival in an Eco-friendly manner.

The students who have actively participated in this workshop learnt the basic skills of making Idol and how to keep are environment safe and healthy. They really enjoyed a lot and the response what we got from the students is overwhelming.

Vote of thanks was given by Dr. Renuka Vanarse.
