One day workshop on “IDENTIFYING POTENTIAL CAPABILITIES AND SELF DEVELOPMENT”

Institute of business management and research has organised a workshop on ‘IDENTIFYING POTENTIAL CAPABILITIES AND SELF DEVELOPMENT’ on 1st October, 2019 at 10.00 am to 5:00 pm. Resource person for the said workshop was Dr. Smita Sovani. Program started with Sarswati Poojan and lamp lighting. The guest was introduced by Apurva Wakode MBA 2nd yr student and felicitated by Dr. Roopali Kudare(Director IBMR) .

Dr Smita Sovani later initiated her lecture by telling what surrounding and energy impacts on an individual and how these things can transform an individual. She made all the participants to realize that when a younger one can become IAS the why can't we become managers. She told that every individual defines his or her success definition , continuing by saying self development is easy but what is difficult is deciding in which direction we have to develop carry forwarded by SWOT analysis, telling importance of planning , exploring oneself , to be identified in a crowd the person should have unique thinking potential more on should increase the thinking capabilities and ended with it is never late just plan before hand to get better result which ultimately reaches our success goals . She had an interactive session with the class. Vote of thanks was given by Sakshi Ramtekkar. Workshop was Co-ordinated by Prof. Rohini Nikam.

55 students and 8 faculty members participated in the workshop.
